UNIT 1: Our Senses unit. students to science and teaches them how to think like a scientist using our five senses! It contains lessons on these specific topics: What Science is What a Scientist DoesOur Sense of Subjects: Constitution Day Power Point and Lessonby Updated September 17th is Constitution Day?? Looking for an activity or lesson with your students? Look no further! I created this Power Point to teach my students about the Constitution after I had trouble narrowing down what I wanted to specifically teach on this day and finding an "all in one" resource! I hope that this resource will be just what you were looking for, too! This can be supplemented withI often have students who rely too heavily on the thesaurus as they craft their essays, resulting in overwrought sentences that block, rather than illuminate, the writer's meaning. Using a little humor, this handout helps students see what happens when one abuses the thesaurus. This handout, which can be completed as a solo or team activity/race/game, requires students to match up a series of well-known proverbs and sayings with their overwritten versions. Once students have completed the handouPage 10Need to write an amazing lesson plan for your upcoming observation? Not sure how to properly format a lesson plan that aligns with their overwritten versions. Standards? Use this simple Common Core Lesson Plan Template to set you on the right path! Designed for grades 6-12, this lesson plan template features spaces for: • Daily Aim • Bell work • Mini-Lesson • Main Activity • Objectives • Modifications • Focus CCSS • Closing and Assessment • Materials • Technology integration Best of all, this templLesson Planner Freebieby This is a 35 page lesson planner for you to use over -Student information cover -Student informatio cover -Lesson planner -Grade book cover -Seating chart -To Do List -Important dates -Reading group chart book cover -Grade book cover -Gra will be given a specific idiom, write the meaning and illustrate it. The included decodable text, Pam and Tim, will be used for the reading portion of the phonics lesson. A teacher friendly lesson card in included to use for teaching an effective phonics lesson. This lesson focuses on using all the short vowels in a quickEditable Lesson Plan Template for Special Education by Hey guys! Just wanted to share with you all this template I am using this year for my lesson plans. My principal requires us to submit our lesson plans at the beginning of each week so I wanted to create something simple and useful. I duplicate this template for each subject area (Math, Science, ELA, Circle Time, etc). Then I go through my student's IEPs and insert their individual goals under each subject area. After that I save the document as a template. Then, each week all I have to do is fAfrican Mask Power Point Lessonby This African Mask Power Point introduces students to the characteristics of African Mask Power Point introduces students. Masks, closure/review questioning slides and video links. It includes a compare and contrast activity (common core) with a reproducible handout. Step by step project instructions are included. I have done this project iAbout this Product This download includes resources needed for one 45-minute science lesson. No prep needed! The resources in the download are re-bundled from my Natural Resources unit Bundle. Instead of purchasing an entire unit, purchase materials for the topic(s) pertinent to your classroom! Files in this download are optimized for use with Adobe and Microsoft Office Products. Important Notes. Create a Custom Curriculum or Unit Bundle with my lessons and/or labs with special discounting!. Color: lesson plansby Art projects, games and activities for kids Pre-K through Elementary. It introduces artists and basic art concepts. Teaches kids about primary colors (Mondrian), secondary colors (Seurat), color and emotions (Matisse), and colors in nature + watercolors (Monet). It features 30 pages with step-by-step descriptions and variations. It is very easy to follow (and build upon). It has 4 major art projects and a lot of extra activities + more ideas online (with links provided in the .pdf). Follow oul created this lesson for my Formal Observation. It hits on MACC1.G.1.1.-Identifying Attributes of shapes In this lesson your students will meet Miss Poly Gon. She runs the Shapes and # of vertices. Students will work in teams to sort shapes into their homes/habitats. Students will complete a shape Field Journal using pattern blocks to show independently what tPage 23The Stepping Stones Free Year of Curriculum is a complete, multi-level, year-long FREE curriculum designed for in-person instruction and distance learning, and can be used for both live online lessons as well as asynchronous online learning. It can also serve as a basis for hybrid instruction, if you are asked to teach both face-to-face and online simultaneously. Each lesson contains resources and instructions on how to support Beginner, Intermediate, and Advanced courses, and differentiated lePage 24These fun, happy buildings with bright, bold colors and sharp black outlines are a favorite with my students. Inspired by the American Pop Artist, James Rizzi, born and raised in Brooklyn, New York. His neighborhood of tall buildings, busy streets, taxi cabs etc, can be seen in many of his colorful paintings. Full color step by step directions for a project to accompany these free handouts can be found on the blog: Painted Paper Art and Facebook Painted Paper Art also check out daily updatePage 25A 1-day NO PREP unit study of the jaguar, a rainforest animal. This comprehensive resource includes a pacing guide, videos, reading and research, discussion guides, worksheets, and other activities. Perfect for first grade, second grade, and third grade classrooms, homeschool families, and cooperatives. This is the freebie version of my Jaquar Unit Study (Rainforest Animals Videos, Research, Activities) NO PREP 5-day unit. The freebie includes only day 1. Click here for the full version. ELEMENTS Page 26 Fruit of the Spirit Object Lesson - Fruit Chart Help children show the fruit of the Spirit throughout their day with this FRUIT CHART. This activity will help students to see they can show love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control with God's help. It is based on the award-winning book: The Little Pot, by Dawn Stephens ISBN-13: 978-1933982113. Available at ...
